

MOTHERS' PENSIONS FOR ALL, SAY LABOR PEOPLE

London Convention Sends Resolution Back to the Committee

Also Votes for Increase in Legislative Sessional Indemnity

(Canadian Press Wire.) London, Ont., April 2.—Mothers' pensions and increased sessional indemnity for members of the Ontario Legislative Assembly were subjects of discussion which occupied the morning session of the Independent Labor party convention to-day. The convention voted in favor of increasing the sessional indemnity of members from \$1,000 to \$2,000, but sent a resolution affecting mothers' pensions back to the committee to be redrafted. Most of the speakers favored including all mothers under the operation of the pension bill but did not want to curtail the Labor members of the Legislature by opposition to the present form of the bill now under consideration at Toronto.

W. T. L. P. Toronto, sent in a resolution opposing the present pension bill, because it discriminated against certain classes of mothers. The resolution recommended that the convention should not go on record as opposing the bill, but should only disapprove of the qualifying clauses, which shut out form benefit under the present act. Mothers holding property, wives of prisoners, mothers of illegitimate children, and mothers who are foreign-born were excluded.

James McGivern pointed out that if the government does not care for the mother and child, it is not a government. He said that the bill was not a mothers' pension bill, but a mothers' pension bill for the few who are not poor. He said that the bill was not a mothers' pension bill, but a mothers' pension bill for the few who are not poor.

REORGANIZATION OF CIVIC DEPARTMENTS

Ideals to Make Each One Efficient in Case Its Head Drops Out

In This Way City Solicitor Waddell May be Retained by City

There is quite a strong probability that Mr. F. B. Waddell will continue to be City Solicitor of Hamilton, under a plan which the Board of Control has now under consideration. For some time past, it has been apparent to the City Council members that the work of the city's legal department has grown to such a large volume that it can hardly be handled by one man. While Mr. Waddell has handled it to the entire satisfaction of the city, his age and the fact that he has been in the city for some time, has led to the appointment of an assistant solicitor. Mr. Waddell has been asked to resign, but he has refused to do so. He has been asked to resign, but he has refused to do so.

Taking No Chances On Easter Irish Revolt

(A. P. Special Cable.) London, April 2.—Armed troops were on duty along all roads leading to London yesterday night, motor cars were minutely searched, and drivers had to produce permits and declare their business, says a "Central News" despatch from Dublin. It is believed this military activity had something to do with rumors of an Easter uprising.

WERE GOOD OVER \$17 COAL IS NOT GOOD FRIDAY

Police Had Very Quiet Day in This City

Capt. Guy Says That Estimate is Exaggerated

Short Working Day Impedes Production

The report in the morning papers that the next week's coal would reach \$17 per ton was disputed by Capt. Guy of Gilles-Guy and Co., this morning. Capt. Guy was of the opinion that the report was unfounded, and it appeared as such. The Fuel Commissioner H. A. Harrington, who was credited with the statement, had not a maximum figure upon the reasons for the increase and topped off with a high figure. Capt. Guy does not think it would go over \$15 if it went up at all, which he does not think very probable. It depends largely upon the rate of exchange.

THOS. BOLINSKI

Dropped Dead On Street in Toronto

Thomas Bolinski, aged 45 years, who formerly resided at 400 College street, was found dead on the corner of King and York streets yesterday. He was a Polish immigrant, and had been in the city for some time. He was a Polish immigrant, and had been in the city for some time.

PROVED FATAL

Arnold Brown Died of Injuries Received

As a result of injuries sustained from being struck by an auto, about three weeks ago, in front of the Central Theatre, Arnold Brown, eldest son of Mr. and Mrs. G. H. Brown, Hamilton, died of his injuries yesterday evening, aged 16 years. He was born in Hamilton, and had been in the city for some time.

REDS ASSAULT ALONG DVINA

(A. P. Special Cable.) Moscow, April 2.—(By the Associated Press.)—The Bolsheviks are launching an attack yesterday on both sides of the Dvina river, the opinion of the Bolsheviks is that they will be successful in their attack on the Dvina river. The Bolsheviks are launching an attack yesterday on both sides of the Dvina river, the opinion of the Bolsheviks is that they will be successful in their attack on the Dvina river.

INDEPENDENT LABOR PARTY OWNED CUT IN THE TARIFF

London Convention For Gradual Elimination of Duties on All Necessaries of Life

Body is Making Strong Bid For Unity Between Soldiers and Labor

London, Ont., April 2.—The Independent Labor party, in convention here, adopted the following as its tariff plank to-night:

"That whereas the tariff issue is being forced to the front as one of the most important issues to be dealt with at the approaching Federal election, the Independent Labor party, in view of the fact that it is a strictly Federal election, this convention of the Ontario Labor party must deal with it owing to the necessity of placing candidates in the field at the Federal election."

"Therefore, be it resolved that this convention favor the following plank in the party platform: The gradual elimination of import duties on all necessities of life, such as food, clothing (including boots and shoes) and the tools and machinery, used in production, the revenue derived from these sources to be raised by a taxation of land values and luxuries."

London, Ont., April 2.—Labor is making a determined effort to bring the soldiers in line with the Independent Labor party in order to make one big united front for political action. Speaker after speaker at the I. L. P. convention in the Masonic Temple here this afternoon, with Walter Rollo, Minister of Labor, in the chair, urged for closer affiliation with the soldiers, stated the intention of Labor to play into the hands of the returned men as far as possible, and endeavored to show that the soldiers had their best political friend in the Labor party. In addition the convention endorsed a resolution put forward by James Simpson, that a further meeting should be given the returned men by the Government.

CALL FOR LOWER DUTIES.
The convention inclined very largely to free trade on the tariff question, but the resolution brought in contained itself with declaring for lowering of the duties on food, clothing and tools. Hon. Walter Rollo closed the debate on the question by reminding the delegates that what the party was out after was to win a free election.

"Let's cut free trade," he told the convention. "Not only our own candidates could run on a free trade platform and have a chance to win a single seat in Ontario." He indicated that the Labor party intended to try for representation at Ottawa, and pointed out that the I. L. P. would have the best chance.

George Macdonald, M.P.P. Hamilton, thought a certain amount of protection necessary because of our isolation. Free trade could not stand on their feet yet. Other speakers wanted free trade out and out. A number of the speakers claimed that the manufacturers of Canada had been receiving exorbitant profits under the protection of the tariff walls.

According to James Simpson, Toronto, the tariff question was being precipitated by the farming interests. He also claimed that the tariff was being combined the power to strangle infant industries; for every dollar which went into the cotton tariff, ten dollars went into the pockets of the manufacturers. The suggestion that the question of the tariff be left out of politics by establishing a tariff board to deal with it, he declared impossible.

The tariff, however, was taken more seriously. Late in the afternoon, when it appeared likely that this subject would put in an appearance, A. A. Pocock, Vice-President of the London Representation Committee, headed it off by proposing a night session. The night sitting was decided upon.

MANY RESOLUTIONS DISCUSSED.
With a Resolutions Committee, headed by James Simpson as chairman, working over the night, the convention was held resolution after resolution. It showed a tendency for unlimited extension of the diet. Such varied subjects as the overhauling of brain trusts, the development of northern Ontario and anti-vaccination, were introduced and discussed.

The distressing discovery that free speech was not among the manifold planks on Labor's platform caused a slight flurry early in the afternoon. It came when the convention was languidly listening to a resolution brought in by Ward F. Toronto, I. L. P., asking that collective bargaining, free speech, the freedom of the press, the eight-hour day to all workers, and the nationalization of Canada's natural resources, be demanded by the party.

The minute was promptly taken off by passing the resolution that free speech is free according to party laws. Resolutions raised in during the afternoon, one asked that the Government grant bail to the strike leaders convicted and sentenced at Winnipeg until the time that the Government grant bail to the strike leaders convicted and sentenced at Winnipeg.

London's I. L. P. Provincial and Dominion branches, heavy secondary duties, and the development of Canada's natural resources. The convention committed itself to this.

EDUCATE PUBLIC TO VOTE.
W. J. Houser, of St. Thomas, asked that voting be made compulsory. This aroused considerable discussion. The suggestion that the public must be educated to vote met with general favor, and the resolution was passed.

Education by means of the press was favored, and a resolution calling for the establishment of a Labor daily newspaper, put in by W. J. Houser, St. Thomas, was carried. The question that it was impossible to say when, where or how the paper was to be started, was also passed. Political patronage was scored, and the present Government of Ontario congratulated on its record. The convention met to meet this evil. The co-operative store project was endorsed.

LIFT ON CAPITAL AND STATUTORY.
Debate on the further gratuity for soldiers led to many suggestions of

THE PROPERTY FOLLOWS THE TARIFF

FOR THE CASUALTIES

Labor's Municipal Bill Opposed by Several Members of Legislature.

URGED TO GO SLOW.

Premier Drury Adjourned the House Until Next Tuesday.

Toronto, April 2.—Unexpected opposition from members of both Opposition parties developed in the Legislature Thursday to the bill which would leave the municipalities responsible for the maintenance of their municipal offices. This bill is introduced by the Labor and has been a plank in the platform of the Labor party. There had been no hint that it was to be opposed. Opposition started first with Thomas Marshall, Liberal member of Lincoln, and was carried on by Hon. G. Howard Ferguson, Conservative leader, who was also opposed to some of the features of the bill changing the franchise on municipalities.

The Conservatives are evidently a unit in opposition to the labor group measure. The Liberals are divided, although only one of them, J. W. Curry (Southwest) spoke in favor of the bill. There are others, however, who will support it. The Government has a trifling nervous over opposition, but the statements of Hon. W. H. Hanes, Attorney-General, cleared the matter up somewhat and opposition was growing weaker when Premier Drury moved adjournment of the bill.

It is thought that opposition will still further diminish when he has finished. Even a division of the bill would pass with a good majority, as a close Liberal at least are favorable to it.

AWARE OF BALANCE OF POWER.
Labor appears keenly alive to the fact that the balance of political power in Ontario. It was hinted many times in the speeches made, and hinted aggressively at times. Peter Homan, M.P.P. for the North, in a short speech told for their chance now, and that if they failed to do so, the failure would mean their end as a political force, and Labor from Parliament Hill. If they succeeded, as they intended to, the balance of power would be in their hands.

The convention refused to take up the bill on behalf of Mayor Macdonald. A resolution from J. E. Hall, St. Thomas, requested that the convention go on record as assisting the Mayor in his anti-vaccination campaign. A resolution from J. E. Hall, St. Thomas, requested that the convention go on record as assisting the Mayor in his anti-vaccination campaign.

BUDGET ON TUESDAY.
Hon. Manning Debevoise's bill, which gave to incorporated villages the right of municipal halls and athletic grounds, at present possessed by townships, received a second reading. Joseph Thompson (Northwest) would supplement the principle by having the Department of Education give encouragement to sport in all schools, by arranging for the sports, and having Provincial elimination and championships.

The House takes a short Easter recess, adjourning until Tuesday. It is probable that the Budget will come down on Tuesday. In view of the prominence of "economy" and on the other hand, the big roads programme and other measures, it is awaited with interest.

Mr. Marshall said he was opposed to the principle of the bill because of the qualification of municipal candidates. Direct taxation proffered in municipalities, and the House the man who paid the taxes should have the right to elect the men who would be in power. The power should be in the hands of the man who has obligations. Property was the reward for industry and opportunity. He had no desire to place a premium on the man who did not work.

STUDHOLME.
In his speech Hon. Walter Rollo paid a tribute to the memory of the late Sir John A. Macdonald, the only Labor member in the Legislature. His good work, declared Hon. Rollo, was to encourage the poor and other men to support the principles for which Allan Studholme stood. He spoke to the growth of "progress." The Farmer members are absolutely in the hands of the Labor party. He said that the Labor party was to carry them "along" as Charles E. Wray in "force" and what Labor intended to do in the Legislature.

THINKS IT LOGICAL.
J. W. Curry thought the bill quite logical. If qualification for the candidate, the Legislature was required, why should the qualification for an inferior body be higher. The Legislature was the parent body, and the qualifications should not be greater for other bodies than for it. Mr. Macdonald (Riverdale) advanced the bill, and returned to the subject. These men had shown that they could look after the Empire. Could they not look after the Empire? The only way to get the bill passed was to get the bill passed. Mr. Rayer explained the bill passed to get the bill passed. The bill passed to get the bill passed.

THINKS PRINCIPLE "TONGUE."
Mr. Rayer said that the bill was a matter over which another session. He believed the members ought to have the opportunity of consulting their constituents. Mr. J. B. Johnston, U.F.W. member for St. Clair, supported the bill. Mr. R. H. Hall, Party Sound, felt that it was a wrong principle to have a man with no property; yet he was permitted to enter Municipal Councils and to be a member of the Council.

STRENGTH of the Mutual Life

THE financial position of a company should be a first consideration with the prospective policyholder, and that of the Mutual Life of Canada is established beyond question. Fifty years have been spent in laying deep and wide foundations of the structure. The company is now in a position that the insuring public gives it unqualified confidence. This confidence is revealed in the ever increasing volume of new business that is being written. Last year \$40,000,000 of new business was placed on the books—the total in force being today over \$170,000,000. But the strength of the company is such that these immense responsibilities can be assumed with absolute confidence that every obligation will be met.

MUHR VALLEY TROUBLE NOW IS ALL OVER

Communist Army Agrees to Deliver Up Arms by April 10th.

STRIKE IS OFF

London Hears Govt. Troops, Disregarding Terms, Are Advancing.

London, Saturday, April 3.—A Despatch from the Ruhr district, Düsseldorf, dated Friday, says:

The Government troops, disregarding the Mauthagen arrangement of yesterday, are advancing rapidly. They have beaten back the Red troops from Westphalia and captured Hamm. They are expected here to-morrow.

The Red troops are handing in their arms all over the Ruhr district, according to agreement.

The Ruhr district has telephoned Berlin concerning the advance of the troops. The Government replied that the troops were out of hand.

Two coal mines are reported already to have been destroyed.

Düsseldorf, April 2.—Control by the workmen ceased theoretically at last night when the state trial in which six strike leaders were convicted was discussed. The government feeling appeared to be in favor of muzzling the whole of the convicted men for seats in the Provincial Legislature.

WOMEN PICKET BRITISH EMBASSY

Irish Sympathizers Are Busy in Washington.

Government Issues Its Regrets.

Washington, April 2.—All day today the British Embassy, a massive red brick building in the aristocratic section of the city, was picketed by from 10 to 20 women, who wore large placards on behalf of the Irish Republic.

The police made no effort to interfere with the picketers, and the State Department which took official notice of the occurrence, was apparently without power to prevent the picketing of the city.

The picketers, the British Embassy, and late today the British Embassy, bearing large placards on behalf of the Irish Republic.

GOOD FRIDAY

Special Easter Musical Services
in Knox Church
On Sunday.

The Burlington Town Council met Thursday night in the public library, with Mayor Cleaver, Reeve Briggman, Deputy Reeve Williamson and all the council members present. The minutes and several minor matters were passed. Some small accounts got a safe passage. An appropriation of \$400 for High School expenses for 1920 was passed.

Mr. Walton petitioned the council for permission to have a telephone pole removed, as it interfered with a garage in his building. The council decided the pole should be moved at the expense of the interested parties.

A letter was read from the Government stating that the bill for the permission to own deleterious covering the town's patriotic expenses would be before the House on April 6th. Councilor Holby, the chairman of the Finance Committee, will go to Toronto to watch proceedings in the interest of the town, and he also has the power to engage an attorney, if he requires one.

A motion of import was submitted by Councilor Blair, reading as follows: "That the city be requested that not until a proper plumbing by-law can be prepared, shall any permit be granted for erection of any dwelling or property adjoining streets where sanitary sewers have been installed unless said plans provide for proper sanitary conveniences within such dwellings."

Councilor Blair spoke in favor of the motion, giving the reason for such drastic action, and cited cases where people who owned most expensive and up-to-date homes had been annoyed by the lack of proper sewer connections and outdoor conveniences on properties more recently erected. He thought the time had arrived for action, and asked the council to give the matter favorable consideration. The motion was carried by a large majority.

Reeve Briggman called the attention of the council to the fact that a house belonging to the town on the pump house property, and said it should be sold. The house was then offered for sale. He said it needed shingling, painting and plastering. The house was then offered for sale. He said it needed shingling, painting and plastering.

DAVIS AGAIN
RECOMMENDED
FOR TREASURER

Wm. McMillan, of Hydro Department Only Other Nominee.

GAS DEBENTURES

Proposal is Five Per Cent. to Run for Thirty Year Period.

After what appeared might be a deadlock among the members of the Board of Control, Thursday afternoon, W. H. Davis was finally fixed upon as the board's recommendation for the position of City Treasurer. It was not without a decided argument that the choice was made. Davis was chosen over Wm. McMillan, of the Hydro Department, who was the only other nominee.

Davis was chosen over Wm. McMillan, of the Hydro Department, who was the only other nominee. Davis was chosen over Wm. McMillan, of the Hydro Department, who was the only other nominee.

Controller Jatten announced that he had been approached by some of the friends of the aspirants for the city treasurer's office, and urged to support the appointment of their favorites. "As far as I am concerned," said the Controller, "none of those appeals will influence me. I do not think that any one of us should be in the least moved by those outside influences."

"Well," said the mayor, "if there is no chance for the recommendation of the Controller, I will support Mr. Davis," and that was the recommendation passed on the city council. Other business on the agenda for Thursday afternoon was the petition from the Hamilton Land & Building Co. and others asking that the south side of Main street be declared a business section and relieved from restrictions governing residential area by-laws. The petition was left in abeyance for the time being.

It was decided to recommend the council to apply for legislation permitting the city to issue debentures to raise funds for a gas plant provided ratemakers agree. It was shown that the interest on the debentures for \$2,500,000 necessary for the municipal plant will amount to \$108,000 per annum, or five per cent. for thirty years.

The board sent in a letter of protest to the board named the smoke nuisance from the T. Eaton factory. The board explained that the Board of Health proposes recommending the appointment of an inspector to enforce the nuisance. The matter will be dealt with later.

The board also received from property owners in the vicinity of the Hamilton Cooperative plant a petition that no building be taken of the order of fire marshal to reduce the stock of old barrels to a minimum.

It was pointed out that the order was issued under the by-law, and it was not known at the time by the market. The stock was taken from the stock-house. A letter was sent to the fire marshal, requesting a statement as to how far he carried out the instructions of the board.

The board also received from property owners in the vicinity of the Hamilton Cooperative plant a petition that no building be taken of the order of fire marshal to reduce the stock of old barrels to a minimum.

The board also received from property owners in the vicinity of the Hamilton Cooperative plant a petition that no building be taken of the order of fire marshal to reduce the stock of old barrels to a minimum.

Controller Jatten announced that he had been approached by some of the friends of the aspirants for the city treasurer's office, and urged to support the appointment of their favorites. "As far as I am concerned," said the Controller, "none of those appeals will influence me. I do not think that any one of us should be in the least moved by those outside influences."

"Well," said the mayor, "if there is no chance for the recommendation of the Controller, I will support Mr. Davis," and that was the recommendation passed on the city council. Other business on the agenda for Thursday afternoon was the petition from the Hamilton Land & Building Co. and others asking that the south side of Main street be declared a business section and relieved from restrictions governing residential area by-laws. The petition was left in abeyance for the time being.

It was decided to recommend the council to apply for legislation permitting the city to issue debentures to raise funds for a gas plant provided ratemakers agree. It was shown that the interest on the debentures for \$2,500,000 necessary for the municipal plant will amount to \$108,000 per annum, or five per cent. for thirty years.

THE RED SHIELD

The Teacher

Miss Helena Booker of the teaching staff of the Hamilton public schools, has been awarded first prize by Literary Digest for the best story of not more than fifty words on The Teacher. Miss Booker's effort was in the form of a little poem, entitled:

"The Teacher"
A teacher
And mother combined,
She nurtures the body,
The soul and the mind.

"Her station"
A teacher
And mother combined,
She nurtures the body,
The soul and the mind.

Her station is high,
She gives to the nation
The best of her best,
The best of her best.

Remittance?
A teacher
And mother combined,
She nurtures the body,
The soul and the mind.

That labor can bear,
The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

The teacher's pure heart,
Loves both ends meet.

Salvation Army Ready for
the Big Drive.

There is every indication that great efforts are going to be given to the efforts which the Salvation Army is going to make, throughout the Dominion, and especially in the Hamilton division, in the fact that all along the line, among committees are lining up and pledging themselves to bring this effort to the front.

The old Red Shield Drive Committee, at Galt, headed by Mr. S. L. Clark, will be on the job and will pull through to secure success this Red Shield Fund, with a quota of \$4,000.

Headquarters have a full committee, under the leadership of Reeve D. N. Penabaker, with a quota of \$1,000. Penabaker's chairman will be Mr. Theo. Hopburn, with a quota of \$1,500 and \$1,200.

W. C. K. King, with a quota of \$1,200. Evangelist John L. Linden, with a quota of \$1,000.

Harry Penton Replies To Statements Made By Central League Prexy

City League Head Has Something To Say In Defense of His Body

"I do not wish to enter at this time into any controversy with any of the league's officials, but I believe that the statements of other city league officials, and in particular those of the Central League, are not only untrue but also very unfair to the players of this league." Harry Penton, president of the City League, said today.

"The bitterness shown by the chief executive of the Central League appears to have overcome his sense of propriety, fairness and even his common sense, and were it not for the best interests of the public in general, and the league in particular, I would not have taken the trouble to answer the statements of Mr. Potter as accredited to that gentleman in the press of April 1, 1930. To those who considered the above mentioned article worthy of any attention I would offer the following correction:

"The City League asked for applications to fill the places vacated by Donnie Steel and the Westinghouse was the only team to apply, together with necessary form for admission to the league, and they were admitted. I assured Mr. Potter when he called me

on the phone that it was not my desire to interfere with his any more in the city, and told him, if at all possible, we would fill out our league with any suitable backed team whose application was acceptable. However, no other club but Westinghouse applied, and the City League was not necessary to accept their application, having no legal right to refuse their admission as they seemed desirous of entering the City League. I at once called Mr. Potter. The charges to make involving a certain City League club are all "bores." Mr. Snyder did not attend a City League meeting, as stated by Mr. Potter, and did not leave the City League's action until he was brought to his attention by Mr. Potter at the H.A.B.A. held some time later in the evening. Mr. Snyder subsequently expressed the City League for its action after the facts had been explained to him.

"This is the correct explanation of the entire case and the entire matter is closed so far as the City League is concerned."

H. J. Penton,
President City League.

Knocking Down The Ten Pins

Sunday at the Brunswick alley, in the Tallman Bros. Works League the office took all three games from the Core Room, and the fixtures crashed two games from the Plunkers. The Plunkers took two games from the White Metal Joe Medley was the star performer with 171, and Anstey second with 131.

In the Chapman Hotel weekly to 5 game Maxwell's Dubs won right in turn getting the three games and Garner Jones scored with 41.

In the Harvester Co. League, the high man on each team got a prize. Salum was the winner on the first and Bar. P. Tester was high for the second. Shone, Moore grabbed first place on the first game from the Warehouse. A. Bentley was the winner on the first game from the Warehouse. A. Bentley was the winner on the first game from the Warehouse. A. Bentley was the winner on the first game from the Warehouse.

Dormats Win From Visitors

Beat Waterdown at Basketball 43-26

Waterdown basketball team accompanied by a formidable group of visitors, arrived at the "Y" Thursday evening for their return game with the "Dormats." They had not forgotten their win over the local team a week ago on the same night, and hoped to duplicate the trick. The Dormats were just as determined that they would win this time, and did so by winning out by 43-26. The game was a hard fought one, but the Dormats, led by Referee M. L. Nelli. The visitors tallied the first score but their lead was short-lived. The Dormats found the basket and had a comfortable margin. Three visitors participated in which both local players participated made an interesting preliminary. After the game, sandwiches and cake and Mr. Foster's local boys left for home in the best of spirits.

British Soccer Results

London, April 2. — Good Friday's soccer results are as follows:

Easter Services

Sketches from life by Westerman

© 1920 McClure Newspaper Syndicate.

The dear old minister. Between the style show in front and the special music program behind he doesn't have much chance with his sermon.

Mrs. Snoops missed the sermon. She spent the morning trying to figure out whether Mrs. Blank's hat was new or a made over one.

Mrs. Plain gets out hubby's old shiny lid and walking stick and lines him up in the Easter Parade. Mr. Plain says it's his annual jack-ass day.

Mr. O. Help can't hear the preacher. The price of his wife's new outfit is making too much noise.

"Isn't Mrs. Some Punkins the limit. She came in late just to show off her new hat and suit! But I hope the poor thing enjoys it, she only gets 'em once a year!"

Easter Spirit all of the day—He has just said "Jane! I came here to listen to the sermon and the music, not a whispered fashion monologue!"

Poor father drops his last jitney in the contribution basket.

"Isn't Miss Madeup awful? The idea of coming to church like that. She's got enough rouge on to flag a train!" "Looks like an Easter egg!"
